Acceptable Shoes

Traditional "School Style" Lace up

Because it's 2017, if you'd like something more modern, we have **one option** available. Full black 'Chuck Taylor' style polishable (not canvas). Please note: this is likely to be a more expensive option as these shoes are unlikely to last two years. There is an expectation that shoes are suitably tidy and we will expect that shoes are replaced if they become ragged.

Unacceptable Shoes

Mary-Jane, Slip On, or T-Bar styles - they don't provide enough cover in the workshop
