

Uniform Procedure

Aim: The Dunedin North Community were surveyed in 2015. There was clear support of the continuation of our school uniform. The aim of this policy is to outline the uniform expectations and purpose. There were concerns raised about warmth (the quality of the jersey and about the lack of long pants). There were also concerns raised about the gender specifications. These have been addressed below.

Purpose: The uniform is designed for comfort, quality, cost, practicality and presentation.

Expectation:

Students at DNI are expected to wear the uniform as per the guidelines published at Open Night. The Principal, in consultation with the Board of Trustees may make minor alterations to the uniform each year if a need arises. Major alterations to the uniform are to be avoided due to the cost and time involved in this process. It is expected that the community will be consulted again in 2025 as to whether the uniform is still fit for purpose.
